SUBJECT: SPAIN ON FUTURE AGENDA ITEMS FOR ITU WORLD  
RADIOCOMMUNICATION CONFERENCE

REF: SECSTATE 63585

EconOffs delivered reftel points to the Ministry of Industry, Tourism, and Trade's Director of International Affairs and Telecommunications, Marta Cimas Hernando. EconOffs explained that the US was interested in amending the international Radio Frequency Allocation Table to support certain space exploration programs. Cimas indicated that they were receptive to the proposal, but needed time to review it in more depth. The Ministry is currently examining the detailed white paper which Post forwarded on June 8. We will follow up with the Ministry at a later to date to see if they have further questions or thoughts.
